DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1-15, 17, 20, 21, 23-40, 44, 45, 47-62, 65, 66 and 68-70 are allowable over the prior art of record. The closest prior art of record Srivastava, teaches using a cost model for developing analytical cost expressions for individual operations and combining the expressions to obtain costs for entire plans, however it fails to teach splitting pipelines and adding operators in parallel so that resource usage is distributed over the pipelines, these limitations being indicated in claim 1 as "determining resource usage of each pipeline and splitting a particular pipeline having resource usage greater than resources available for executing the particular pipeline into a plurality of pipelines by adding operators for performing operations in parallel so that resource usage is distributed over the plurality of pipelines", claim 26 as "determines resource usage of each pipeline and splits a particular pipeline having resource usage greater than resources available for executing the particular pipeline into a plurality of pipelines by adding operators for performing operations in parallel so that resource usage is distributed over the plurality of pipelines" and claim 48 as "determining resource usage of each pipeline and splitting a particular pipeline having resource usage greater than resources available for executing the particular pipeline into a plurality of pipelines by

adding operators for performing operations in parallel so that resource usage is distributed over the plurality of pipelines”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jay A. Morrison whose telephone number is (571) 272-7112. The examiner can normally be reached on M-F 8-4:30.
